

MY FIRST HTML PROGRAM

This is my first web programming lab. Html is a hypertext markup language which is used to create webpages that we use widely nowadays

The webprogramming languages i have studied are

1. php
2. javascript
3. css

otherthan webprogramming languages i thought

- c
- java
- python

SI no	hours of study	teachers taught
1	3	shaheena
2	4	reshmi
3	3	saji
